**Independent Financial Group, LLC reaches milestone:
200 representatives and growing.**

San Diego, CA - 2007 has been a good year for Independent Financial Group, doubling its representative base since 2004. "This is a magical moment for our company," says David A. Fischer, Managing Director and CMO of the independent broker-dealer IFG. "We are excited about our growth as a company and look forward to seeing our new representatives' individual successes."

"Growth is important to increasing revenue and essential to maintaining a successful business. However, our main focus is on the quality of our representatives, not the quantity", says Scott Heising, Managing Director and CFO. "We have been able to accomplish so much because we consistently reach to exceed our high standards, the level of quality service we stand for. We're known for that, and we're very proud of that reputation."

Since its founding in 2003, Independent Financial Group has been recognized by major trade publications and received several awards for their accolades including being named "San Diego's Fastest Growing Privately Held Company" by the San Diego Business Journal in 2006. IFG's headquarters just outside the Del Mar area maintains 25 employees to support its growing list of independent affiliated representatives across the country.
