## **Independent Financial Group Announces 2011 Growth Roster Reaches 465 Representatives**

San Diego, CA –Independent Financial Group, LLC (IFG) today announced that they have increased their roster to 465 total representatives. 75 new representatives have joined the independent broker-dealer since January 2011. In 2010, Independent Financial Group, LLC added 109 total representatives, and Financial Planning magazine recently ranked IFG third on their list of highest recruiting percentage change amongst all broker-dealers.

“We’re proud of our growth”, comments David Fischer, Managing Director and acting Chief Marketing Officer. He continues, “The key to our success is the way we do business – our corporate staff delivers like any of the financial giants; but we manage the representative relationship on a personal level. We will never sacrifice our outstanding service to grow our roster, and our representatives will never feel like a number. It’s the personal touch we’ve come to be known for that makes us so successful.”

“Most companies have had to downsize, but we continue to hire new corporate staff”, explains Joe Miller, Managing Director and Chief Executive Officer. “As we’ve increased our representative base, we’ve brought on new employees in all departments to meet the demand of our growth.”
